

Are you a young farmer in an area of BC outside of the Fraser Valley and looking to hold an event for young farmers in your region? BCYF may be able to help you!

- BCYF is already holding regional young farmer events in the Okanagan. Our Okanagan directors organize farm tours each year. They find the farms for the tour stops, a site to hold an end of event social and provide a few snacks and non-alcoholic drinks. BCYF pays for the snacks and any meeting room costs.
- BCYF would like to work with you to hold events in your area. If you provide the local

coordination whether it be booking a meeting room, arranging for a speaker, promoting the event, buying refreshments or organizing a tour, BCYF may be able to provide partial funding to offset some of your expenses.

- BCYF may also be able to help promote the event through our connections with the BC Agriculture Council and its province-wide membership base.
- BCYF invites regional representative young farmers to sit on the province-wide BCYF board of directors.

Do you want to hear about events for young farmers in your area?

- If you would like to be on a special contact list for regional events, please send us your e-mail and we'll notify you of upcoming young farmer events in your region.

Would you like to attend educational training or workshops?

- BCYF can connect you with the Canadian Young Farmers Forum (CYFF). CYFF has a program that provides up to \$300 in funding to attend educational training / workshops in BC or to attend the national annual CYFF meeting. The event must be aimed at leadership and business management skills development.
- CYFF requires applicants to complete a one page form, sharing basic information about your operation and provide a photo or provide a short video clip in exchange for up to \$300 in

funding support to offset the costs associated with registering and attending a regional or national event. This funding offer is not valid with any other offer / subsidy.
